

G2

From before the beginning of time

Em7

To the day that we first called your name

C

You have persistently loved us

Am7

D

Even when we've gone astray

G2

From the moment we drew our first breath

Em7

To this time right here and right now

C

Lord you've pursued and have drawn us

Am7

D

We were lost, but now we are found

(Chorus)

G2

Lord we praise you

Em7

And we lift your name up high

C

Lord we praise you

Am7

D

For your love displayed in our lives

G2

Lord we love you

Em7

And we open our hearts wide

C

To say we love you

Am7

D

And it's you we glorify

G2

From the most distant thunder on earth

Em7

To our hearts pounding strong in our chest

C

With all of creation we worship

Am7

D

To you lord we offer our best

G2

From the tiniest cell of our being

Em7

To the widest expanse of our reach

C

With all that we are lord we praise you

Am7

D

With hands lifted up now we sing
